

Friends of Amherst Regional Performing Arts (FARPA)
working to keep music, theater and dance alive in our schools

The Amherst Regional Schools enjoy a legacy of exceptional performance arts, thanks to the talent and dedication of our instructors and students, and the ongoing support of parents and community members. Our goal, in these lean fiscal times, is to preserve the quality of our performance programs. Due to recent budget cuts, funding for upkeep of instruments and equipment is scarce. So we ask that you please show your support by contributing generously to this fund-drive.

In past years we have contributed to the new Dance Studio floor, ergonomic chairs for the Middle School Band Room, instrument purchase and repair, sheet music and CD acquisition, guest musician costs, and various supplies and materials.

This year we hope to continue our goals of helping the five areas within the performing arts at the High School, Middle School, and hopefully the elementary schools as well—Voice, Orchestra, Band, Theater, and Dance.

Please consider a contribution for our children in the performing arts programs.
